336-558-7360 • booking@brightstartheatre.com

Description: When we launched this company we committed ourselves to being among America's most affordable touring theatres. We have created programs that allow us to bring our theatre to schools and communities that are often underserved by the arts and bring the magic of theatre to young people who may not always have the chance to see it.

Today, our mission remains the same and our commitment to providing some of the finest touring theatre to schools has never been more resolute. We've built a national reputation for our commitment to offering actors a living wage and providing a caring and loving environment for them to work and grow.

Every year we are humbled, honored, moved and in awe of our ever-growing list of supporters and sponsors and their continued support of our company.

Rates: 1 show \$495, 2 shows \$695, 3 shows \$895

Recommended by: Amy @ Greenville "We just had this company do our Summer Reading Program FUNale on Saturday. THEY WERE FANTASTIC! They had us in stitches, kept us in suspense, and were totally professional. They are willing to work with you for payments and will lower the price for multiple shows. We absolutely recommend them to anyone!"
