ONE OF THE FOUR CARNEGIE MUSEUMS OF PITTSBURGH

Description: Looking for a special science program brought straight to your school? We can do that. Want to take advantage of unique professional development opportunities? We've got you covered. Planning a field trip filled with eligible content themes that will get your students excited about science? Carnegie Science Center is the place to be!

Click on the "educators" tab then "Science on the Road" to access the programming information you're most likely looking for. They offer a wealth of programs, but be sure to read descriptions fully, including any attendance limitations. You can book directly from their website or use the contact information above.

Rates: \$225-850 depending on program and travel time

Recommended by: Many librarians in the district
