Description: STEM Storytime: Amazing Aeronautics (Grades PreK-1st) – This 30 minutes classroom experience begins with a read aloud story followed up with hands-on demonstrations. Students then will make their very own plan to take home!

Cool Chemistry (Grades 2 and up) – We bring the WOW! to you with a series of demos including dry ice and some great hand-on experiments. This program is 35-45 minutes in length and can accommodate up to 100 students per session.

Rah Rah Rocketry! (Grades 5 and up) – Yes, it IS rocket science! This 35-45 minutes interactive show explores Newton's Laws and physics of motion with interactive game, demos, and experiments and can accommodate up to 100 students per session.

Explorations in Energy (All Ages) - *This one is expensive* This WOW!tastic outreach brings hands-on circuitry activities to your event guests. Our famous Circuit Blocks and the OH WOW! Energy Bike allow your guests to explore electrical energy by making their own simple circuits. Then they can test their energy output on the OH WOW! Energy Boke as they are challenged to generate electricity to run household devices.

Rates: STEM Storytime: Amazing Aeronautics \$250 (for one class up to 30 students), \$150 for each additional class visit taking place on the same day at the same location.

Cool Chemistry \$250

Rah Rah Rocketry! \$250

Explorations in Energy \$600

Requires \$50 deposit to hold date.
